Without seeming overly dramatic - these garage doors transformed my garage. Dealing with Brand Garage Doors Corp was a great experience. The service and workmanship cannot be equaled. The expertise and attention to detail was amazing. Brand Garage Doors Corp is the only real choice in this area,

Same day service (actually back up in running in about 3 hours from initial call). Would highly recommend. The torsion spring for our double garage door broke unexpectedly. Called at 9 AM on Monday morning and the door was fixed for a very fair price a few hours later. Quick and professional service. Highly recommend.
